**Colusa County Community Invited to Fall
Wildfire Risk and Mitigation Community Meetings**

Follow-up Meetings Scheduled to Share Findings and Discuss Establishment of a Fire Safe Council

(COLUSA, CA) October 7, 2024 – In January 2023, the County of Colusa was awarded a 2022 California Department of Forestry and Fire Protection (CAL FIRE) County Coordinator Grant from the California Fire Safe Council (CFSC). The County Coordinator Grant was awarded to educate, encourage, and develop countywide collaboration and coordination among various wildfire mitigation groups operating within Colusa County.

Earlier this year, Colusa County partnered with the Colusa County Resource Conservation District and the Colusa County Fire Chiefs Association in hosting a series of Wildfire Risk and Mitigation Community Meetings to better understand community needs around wildfire risk and mitigation. Following the meetings, the Colusa County Community Development Department, the Colusa County Resource Conservation District, and the Colusa County Fire Chiefs Association took the time to review findings and community feedback in an effort to begin to develop projects and a community engagement strategy, and explore the establishment of a local Fire Safe Council.

As a next step, the Colusa County Community Development Department, in collaboration with the Colusa County Resource Conservation District and the Colusa County Fire Chiefs Association, is inviting the community to participate in a follow-up meeting to learn about the groups' findings,

and to discuss establishment of a Fire Safe Council. Refreshments will be provided, and both meetings will include the same presentation.
